About the Decline in West Granite-New Mining District Organized in Jefferson County.

the Treasury Stock.

Mention was made a few days ago that negotiations were pending for the amicable settlement of the Major Budd difficulties. At the first meeting the business was not concluded, but another meeting was held in this city, when President Henry Nickel, of Butte, was present. The result is that the late unpleasantness which existed among the officers and stockholders has been finally and amicably settled to the

entire satisfaction of all interested. That great bone of contention, the Welch interest, has been deeded to the company, Mr. Welch having turned his company, Mr. Welch having turned his one-third over for a consideration of the capital stock. The deed is now in escrow with Messrs. Turner and Burleigh pending the drawing up of legal documents. All the suits between the company and its stockholders have been settled and will be withdrawn within a few days. The company's indebtedness, and particularly the money owed to Messrs. Schwab & Zimmerman and the expenses of operating the mines are to be paid through money derived from the sale of treasury stock. The treasury stock has heretofore been 150,000 shares and only 50,000 have been placed upon the market. of treasury stock. The treasury stock has beretofore been 150,000 shares and only 50,-000 have been piaced upon the market, though stockholders have speculated with Through contributions from stockheirs. Through contributions from stock colders the treasury stock has been in creased to 250,000 and the old stockholders, in that the treasury stock may be advantageously disposed of, have pooled thei stock for a period of six months. The de ails are to be carried out by Attorneys sanders, Cuilen & Sanders and Turner & Surleigh, the latter representing the company and its creditors.

"The company was formed for the purpose of mining and not for engaging in lawsuits," said Mr. burleigh to a reporter last night, "and I told this to the gentle-

filed in the court, he intimated his stock was damaged by the transaction with the syndicate, and by keeping the stock down it will be proven that Mr. Coquard was it will be proven that Mr. Coquard was benefited, as he had an opportunity to dispose of his stock when it was worth more than a dollar. When Mr. Dieckman left here for St. Louis he told an INDEPENDENT reporter as soon as organization was perfected work would begin on the Elizabeth on a large scale and that Mr. Coquard's interferences could not materially impede work. The organization has been perfected, and still the mine is idle. It is understood that the \$150,000 to be advanced by the syndicate has not yet been paid in. The old trustees of the West Granite are members of that syndicate. The West Granite Elizabeth deal still appears to be a conundrum.

President Charles Clark, of the Bi-President Charles Clark, of the Bi-Metallic, arrived in Helena yesterday from St. Louis. Ha is also a member of the St. Louis syndicate and is reported as having

ow as fifty cents and he would be glad of Mr. Clark has another mining enterprise in Philipsburg to look after, which is os-tensibly the object of his visit. A company formed to operate a group of mines near the Bi-Metallic, and they are now actively

engaged in the work. NEW MINING DISTRICT.

The committee on boundaries submitted the following; Commencing at the mouth of Indian creek canyon (near Murray's placer camp) thence up said Indian creek to the crossing of the St. Louis and Radersburg road, thence west to Crow creek, thence up Crow creek to the mouth of Wilson creek; thence up Clear creek to the summit of the range at the head of Beaver creek; thence southerly the head of Beaver creek; thence southerly along the summit to the head of White Horse; thence easterly down White Horse to the mouth of the gulch; thence south along the base of the foothills to the point of beginning. All of which territory was by ballot named and christened the "Park Mining District," of Thunder Mountains, Jefferson county. Further proceedings re-sulted in the unanimous election of Mr

for recording and for examination of records as are allowed by the statutes of the territory to the county recorder for similar work.

As to the matter of lawful representation of locations and discoveries, the conformity to requirements of county records or any other regulations bearing upon the interests of this district not especially indicated by those proceedings, the laws of the territory and of the same fees the country people an excellent opportunity of spending the day in Helena or Butte, and at the same time affording the city people a chance of spending Sunday amid the magnificent scenery of the canons of the Missouri and Prickly Pear or Central park.

pected Citizen of Troy Who Wi Make Helena His Future Home. Dr. C. E. Nichols departed for his home at Troy, N. Y., last evening on receipt of a telegram that his wife is dangerously ill. He will be absent about three weeks and should his wife recover he will move his family to Helena, which the doctor has decided to make his future home. He has made large investments in real estate and residence property and bids fair to prove a valuable acquisition to Helena's enterprisng citlzens. That he is popular at his nome may be judged from the following from the Troy Times of recent date: Dr. C. E. Nichols left this afternoon for Helena, Montana. During recent visits to that territory the doctor was greatly pleased with the climate and the people.

Nichols has many friends who respect him for his manly character, nis genial social qualities and his ability as a physician and surgeon. All trust that the doctor will conclude to return to Troy in the fall and abandon the thought of making Montana his future home. All classes of people in Troy—the sick and the well—want Dr. Nichols to continue to be a resident and not a non-resident Trojan.

Certain—he will not be the Proctor Knott he was when he went to the post for the Kentucky Derby. He looks well and exhibits plenty of life and vim in his work, but the big gelding has lost his turn of speed. This was shown during a trial at Louisville last Friday. He is stale.
